Rafael Leonardo

Data Scientist | Machine Learning Enthusiast

0912-345-6789 | rafaelleonardo@email.com | github.com/rafaleonardo | linkedin.com/in/rafaleonardo

Summary

Analytical and results-driven Data Scientist with a strong background in statistical modeling and machine learning. Proficient in Python, R, and SQL, with hands-on experience in developing and deploying predictive models. Eager to apply data science skills to solve complex business problems and drive data-informed decisions.

Work Experience

Data Science Intern, XYZ Corp (2024)

Developed a customer churn prediction model using logistic regression and random forests, resulting in a 15% improvement in customer retention. Performed data cleaning, feature engineering, and exploratory data analysis on large datasets.

Research Assistant, University of Example (2023)

Assisted in a research project on natural language processing. Contributed to the development of a sentiment analysis tool for social media data.

Skills

Programming Languages: Python, R, SQL, Java
Libraries & Frameworks: Scikit-learn, TensorFlow, Keras, Pandas, NumPy, Matplotlib
Tools & Platforms: Jupyter, Git, GitHub, Docker, AWS
Other Skills: Statistical Analysis, Data Visualization, A/B Testing

Education

Master of Science in Data Science
Example University, 2023-2025

Bachelor of Science in Statistics
Another University, 2019-2023

Hobbies

Chess, Painting, Hiking, Playing the Piano
